QAIS ASHRAM

Front-End Web Developer

About Me

I am a front-end web developer specializing in creating custom websites using HTML, CSS, and JavaScript. I excel in designing dynamic, responsive layouts for both mobile and desktop platforms.

EDUCATION

IamIT
Online
2023 - 2024

Strong foundation in front-end development with proficiency in HTML, CSS, and JavaScript. Currently expanding my skillset to back-end development through PHP studies. Possess a working knowledge of jQuery and React.js, eager to learn more about full-stack frameworks.

Codecademy
Online
2023 - 2024

I enrolled in courses for HTML, CSS, and JavaScript, delving deeply into each language and starting projects to apply my knowledge.

SKILLS SUMMARY

Skill	Level
HTML	97%
CSS	93%
JavaScript	56%
